CSR certificate

Bridging corporate goodwill with community needs, one meaningful donation at a time.

DESCRIPTION

Our CSR Impact Service allows companies to make a meaningful difference while enhancing their brand presence in Lisbon. Before traveling, businesses choose a local organization to support and decide on the donation amount.

We handle everything from there. We contact the chosen institution to identify their needs, purchase the necessary items, and deliver them directly.

The entire process is captured on video, featuring the company's logo and a heartfelt thank-you message from the institution. Additionally, we provide a CSR certificate to recognize the company's commitment to social responsibility.

This service not only creates a positive impact in the community but also strengthens the company's reputation as a socially responsible leader.

INCLUDED

- Contact with the chosen institution
- Purchase and delivery of necessary items
- video of the delivery to the institution and message from them.
- Delivery of the certificate, signed by the institution

PRICES

490 € + vat 23% pax

NOTES

The prices were calculated based on deliveries using one van. If an additional van and more personnel are needed, the prices will have to be recalculated.
